

Please, in the name of common sense, Keep at least the 5 WPM  
Element 1 MORSE CODE requirement in the AMATEUR RADIO EXAM.  
FIRST, FOREMOST, AND ABOVE ALL, Amateur Radio "is" MORSE CODE.  
All the other modes, are just modern Off-Shoots. To retain  
any sense of a respected, community of dignified Hobbyist,  
we must retain the MORSE CODE requirement in the AMATEUR  
RADIO EXAM.       Tks, Harry J. Gaines
